

HIGHWAY PATROL GETS GANGSTER; TWO YEAR HUNT

Simpson Returned to Illi-
nois to Face Trial For
Murder.

HE LEFT THE COUNTRY

Springfield, October 4 — No less
spectacular than the daring deeds
of the Royal Northwest Mounted
Police—credited with always get-
ting their man—is the work of the
Illinois State Highway Patrol in
bringing to justice the murderers of
State Highway Patrolman Lory Price
and wife.

Another chapter has been written
in the capture in New York City of
Leslie Simpson, alleged member of
the Birger gang, when the tramp
steamer Stanley put into port after a
trip from New Orleans to Australia,
thence to the Atlantic port. Simpson
found employment as a fireman on
this vessel several months ago, hop-
ing to evade justice, and a long wait
started until he should again put
foot on American soil.

Requisition Is Honored

With the capture of Simpson
requisition for his return to Illinois
for trial on a murder charge was
issued by Governor Small. This
requisition has been honored by the
state of New York and the fugitive
turned over to the authorities of
Williamson county for trial.

Trail of Simpson was discovered
through a letter which he recently
sent to relatives at West Frankfort,
Illinois, as a result of which he was
arrested on arriving at the New York
port.

Simpson made little or no effort
to fight the Illinois requisition, and

KIDNAPERS WHO CAME TO ANTIOCH PLACED UNDER \$6,500 BONDS

After being arraigned on a charge
of kidnaping in the municipal court
at Kenosha, the four men implicated
in the seizing and tarring of Harold
Hendrickson, Waukegan, young Allen
A. Knitting plant employee, were placed
under bonds of \$6,500 each by Judge
John C. Slater, who at the same time
warned the four men that they were
facing trial on an especially serious
charge.

All of the defendants pleaded not
guilty, and the date of the hearing
was set for 9 o'clock on the morning
of October 13, when Hendrickson,
who will have recovered from his
burns, will be able to testify against
the four.

Hall was provided immediately by
attorneys for Earl M. Steele, Oliver
Huxford and Dewitt Jones, charged
with the actual abduction, tarring
and abandonment of Hendrickson on
a lonely country road on the edge
of Antioch in Lake county. Elmer
Hackbart, on whose farm the tarring
took place and who after standing
by and watching the proceedings,
later confessed to the states attorney
as to his part and that of others in
the affair, was unable to furnish bond.
He was returned to jail.

May Get 15 Years.

In settling the bonds Judge Slater
declared that the offense was a most
serious one, carrying a penalty of a
maximum of fifteen years' imprison-
ment. "Heretofore I have been reason-
able with you boys," declared
Judge Slater "but this is a most serious
charge and demands a bond in
keeping with that."

Confident that they had four of the
men implicated in the kidnapping and
tarring of Harold Hendrickson, 26-
year-old Allen A. Knitting, police de-
tectives are now bending every effort
to find the fifth man believed to have
had a part in the incident.

ANOTHER MAY DIE

A man was instantly killed, another
fatally hurt and two women suffered
injuries, one of them being seri-
ously and perhaps fatally hurt, in an
automobile accident on the land
road about a mile south of Lake Zurich
at 3:45 o'clock Sunday afternoon.
The machine in which the two
couples were riding turned over four
times when the driver, a woman, lost
control of the car on a curve. She is
said to have been traveling at a high
rate of speed.

THIEVES WORK HERE

Gaining entrance through a
side window, thieves stole
about \$85 worth of cigars from
the C. E. Hennings' Confection-
ary early Friday morning.

Because of the crude manner
in which the store was entered,
it is the belief that amateurs
did the work. The cash regis-
ter was found below the win-
dow where it had been drop-
ped, and it is probable that the
burglars became frightened
and ran away without it.

BIG INCREASE NOTED IN NUMBER OF DUCKS

Season Promises To Be
Best For Illinois
Hunters.

Springfield, October 4 — Inspectors
of the state department of conserva-
tion have reported to their director,
Gus H. Radebaugh, that the present
duck hunting season promises to be
the best Illinois sportsmen have had
in the last twenty-five years.

Great increases noted in the num-
ber of game birds is believed due in
part to the greater protection offered
the fowl by the department of con-
servation.

Indication that sportsmen of Illi-
nois have fallen in with the ideal of
the department—strict compliance
with game regulations, to insure wild
life propagation to the ultimate bene-
fit of both hunter and game—is also
seen by Mr. Radebaugh in the re-
ports on licenses sold for the current
season. According to reports reach-
ing the capital city, a record break-
ing number of hunters are in the
field.

Three things, Radebaugh said, are
necessary to insure a plentiful supply
of game birds: A proper state of
the water, plenty of natural feeding
grounds, and good cover in the feed-
ing grounds. All of these are espe-
cially good this year, according to de-
partment reports.

Hunting prospects are fine along
the Illinois river valley. It was re-
ported by Herbert Landauer, inspec-
tor at Peoria, and Roy L. Phelps at
Beadstown. They report the Illinois
river harboring large numbers of
birds from LaSalle to Beardstown.

The river now could not be at a
more ideal stage and duckweed and
"redtop" abound in the feeding
grounds, they said. One inspector
declared that in his twenty-five years
experience he had never seen more
early birds than this year. In the
bottom lands is a profusion of teal,
mallard, and other migratory water-
fowl.

More woodducks have been seen
than any other breed. This year
there is a closed season on this bird,
affording hunters opportunity to pro-
pagate in larger numbers and insur-
ing a large future supply.

IS NAMED DEPUTY

A picture and story concerning
Raymond Baldy, Rockford, nephew
of Mr. and Mrs. Andrew Lynch and
of Mr. and Mrs. Elgie Sheehan, Anti-
och, appeared in a Rockford paper
this week. Mr. Baldy has recently
been appointed deputy sheriff and
assumed his duties October 1. He
was graduated from St. Thomas High
school in Rockford and attended
DePaul university. He served in
France during the World War, and
since that time has operated the
Rockford Floor Surfacing company.
He has been a special deputy for two
years.

TO HOLD MEETING

Members of the Lake County Re-
publican Central committee and their
friends will hold a meeting in North
Chicago tomorrow night at 8 o'clock.
Campaign work will be discussed and
speakers well-known in political cir-
cles will deliver addresses.

GOOD? SAY!

Charles Andersen walked in-
to the News office yesterday,
carrying with him two un-
usually large cantaloupes which
he gave to the office force.
They were delicious. Then Mr.
Andersen gave some classified
ads.

Speaking of ads—last week
Miss Ilos Royal, a grade school
teacher, advertised in the News
for a purse which she had lost
several days before. The find-
er of the pocketbook returned
it with the \$28 it contained.
Who says it doesn't pay to ad-
vertise?

REPUBLICAN WORKERS CONTINUE DELIVERING SPEECHES DOWNSTATE

Ruth Hanna McCormick
Defends Policies of
Her Party.

Waukegan, October 4 — Republican
state candidates entered upon the
third week of their downstate speech
making campaign with a mass meet-
ing here. Meetings also were held in
Homer, Randolph, Champaign, Dan-
ville, and many other places.

Ruth Hanna McCormick, nominee for
congressman-at-large, speaking here
said: "The equalization fee has be-
come a real issue in this campaign.
A Republican congress twice passed
the McNary-Hangen bill and it was
twice vetoed by President Coolidge
on the ground that the equalization
fee was a form of taxation and there-
fore, unconstitutional.

"Congress is the only body author-
ized under the Constitution to tax the
people of the United States, and
this power cannot be granted to a
Federal board or association. 'The
Republican party is committed to
form relief legislation and its record
proves its sincerity. Herbert Hoover
now proposes, if he becomes Presi-
dent, to stand for the appointment of
a Federal Farm board empowered
to loan money from a revolving fund
for the purchase of surplus crops.

"If there is a loss after the surplus
is sold abroad the government will
stand the loss. He feels that Amer-
ica, the richest nation in the world,
can well afford to stand this loss
when such an emergency arises in
order to protect the basic industry.
He would have the treasury furnish
the initial capital in order to build up
the farmer to the control of his own
destinies by supplying a workable
program that will save to one-third
of its population a fair share of the na-
tion's prosperity.

"The Democrats promise nothing
definite except to say that they be-
lieve in farm relief. They say they
believe in it but the party leaders in
Congress have voted against it when
ever they had an opportunity."

Mrs. McCormick then reviewed the
achievements of the Republican
party since it returned to power.
"Herbert Hoover is the man this
nation needs today. He will give an
outstanding domestic and world
leadership to this country due to his
large experience and his great
ability.

"The election of Herbert Hoover
will galvanize into renewed activity
our resources and national energies.
"No business corporation, having
a capable manager will discharge him
for a new and untired man who pro-
poses to apply a set of business
principles which have failed in every
trial and application.

"If the application of strict
economy and a carefully applied
budget system, the running expenses
of the federal government has been
reduced from six billion, eight hun-
dred millions annually to a little less
than four billions under Republican
management."

BUSINESS CLUB GOES TO MILLBURN MONDAY

Musical Program Is Being
Arranged To Follow
Dinner.

Members of the Antioch Business
club will have a dinner Monday
night in the Millburn church. Mill-
burn residents will be seated with
the Antioch men.

After the dinner an address will be
delivered. The name of the speaker
has not yet been announced by C. L.
Kuttl, president of the Antioch organi-
zation. A musical program is being
arranged by the Millburn group. The
dinner is to be served by the Ladies'
Aid of the Millburn church, and be-
gins at 7 o'clock.

MAKES IMPROVEMENT

Stock and waiting rooms are being
added to the Main Garage building. It
has been announced by Archie Maple-
thorpe, proprietor. The new rooms
will be modern in every respect and
the waiting room, especially, is being
made to present a pleasing appear-
ance. The old stock department has
been transferred to the older part of
the building. The construction work
is being done under the supervision
of Vincent Dupre.

METHODIST PASTORS ATTEND CONVENTION

Annual Rock River Con-
ference Is Being Held
This Week.

More than 500 Methodist ministers
of Rock River conference are meet-
ing in Morgan Park to report and
study conditions within the boundary
of the conference which extends east
and west from Lake Michigan to the
Mississippi river and from Wisconsin
state line line north to central Illi-
nois, and as far south as Morrison
and Kankakee.

Bishop Edwin S. Hughes is presid-
ing. The conference opened Tues-
day evening at 7:30 o'clock with an
address of welcome by Dr. William H.
Gorman, who officially surrendered
the keys of Morgan Park to the
ministerial body.

Each day the meeting will come to
order at 9 o'clock and sit until 5
o'clock.

The evenings are being given over
to pagantry, the first presented by
the Board of Hospitals and Homes
and was entitled "Where Cross the
Crowded Ways of Life". The Rev. A.
A. Helst, Denver, spoke on "Coal"
Wednesday night. City Missions
under the leadership of Dr. John Thomp-
son will be discussed tonight. Friday
is Layman's day. The man in the
few will hold forth all this day, citing
problems from the receiving end of
the church. Thousands will probab-
ly attend the conference on Friday.

Sunday the new members of the
conference will be ordained by
Bishop Hughes, the number to be
ordained depends entirely upon the
result of the examinations for candi-
dates held during the week.

Monday is for meetings, supple-
mented by the "Ministers' Wives"
with the annual banquet at noon after
which the ministers are again given
charge of their respective parishes,
which frequently means a change for
many men.

The Rev. A. M. Kruhl is attending
the conference from here.

TO HAVE MEETING

The Lake County Sunday School
convention will be held in the Gar-
nee church, Thursday, October 25.
October 11, is the date that the
poster contest closes in each in-
dividual school and upon which date
the best poster should be selected
from each school by a committee of
three.

There will be addresses by men of
national fame at the conference.
Conferences will be in the hands of
expert leadership. Noon luncheon
and dinner at night will be served by
the Garnee church.

LOUIS EMMERSON PROMISES HE WILL RAISE STANDARDS

If Elected He Will Try To
Make All Departments
Efficient.

MANY ARE CONCERNED

Pontiac, October 4—Declaring that
executive administration of the
state government affects directly or
indirectly every man, woman and
child in Illinois, Louis L. Emerson,
Republican nominee for governor yes-
terday promised that he would en-
deavor to bring the departments of
the government up to the highest
state of efficiency.

"The 11 departments in the execu-
tive branch of the government," he
said, "perform functions of the im-
portance to every individual. They
regulate the rates paid for public
utility service; administer the
laws relative to public health and
pass upon the qualifications of medi-
cal, dental and other practitioners;
they administer the laws regulating
insurance companies; they guard the
safety of workers in factories and
mines and administer the workmen's
compensation act; they build the
roads and other public improve-
ments; they protect fish and game
and guard our natural resources;
they manage the great educational
and eleemosynary institutions; they
add agriculture and perform import-
ant functions in connection with the
marketing of farm products.

"In fact the state government in
Illinois has become a complicated
corporation for the administration of
the people's business.

"Management of this huge corpora-
tion requires a business executive
prepared by training and experience
to conduct the people's business with
the highest possible degree of ef-
ficiency. The head of each of these
eleven departments should be a man
especially fitted for the service he is
to perform. The success of any gov-
ernment necessarily depends upon
the caliber of the men with whom
the chief executive surrounds himself.

"It is my ambition to give the state
of Illinois one of the most efficient
administrations it has ever known
and I pledge you that the men select-
ed to administer these departments
will be of the highest type. I believe
in politics, and our form of govern-
ment is necessarily political. I do
not believe, however, that efficiency
of administration should be sacrific-
ed to political expediency. There
have been no sinecures in the office
of Secretary of State under my ad-
ministration and there will be none
in the state government. If I am elect-
ed governor."

HOG PRICES WON'T DROP UNTIL LATER COMMISSION SAYS

Livestock Will Be Kept
For Fattening On
Cheap Corn.

Hog prices are not likely to suf-
fer any drastic decline before the
middle of November. This is the
conclusion drawn from a survey of
the hog situation issued recently by
the Farmers Union Live Stock com-
mission at the Chicago stockyards.

The supply of hogs in the country
is relatively small, and due to the
prospects of a record corn crop,
farmers are inclined to hold their
light hogs for fattening on cheap
corn. These factors will tend to
keep receipts at the markets below
normal. The high price of beef and
an increase in the exportation of hog
products are indicative of a greater de-
mand for pork.

On these facts the Farmers Union
Live Stock commission, which is a
co-operative sales agency owned by
organized farmers, bases its conclu-
sion that the market during the latter
part of September and the month of
October will be characterized by
slight fluctuations, but that there will
be no sharp decline or sustained
downward movement before the mid-
dle of November.

The old-fashioned man who used
to saw the horses' mouths with the
bits until they reared upon their
haunches has a son now who jams
on the brakes and smashes into the
curb.

Of Interest To WOMEN

Hints

Hints of Fashions Noticed Around Antioch

Are the new styles of each season fascinating? Have you noticed the new showings of novelty straps on shoes for autumn wear? There are many new departures from the usual—different effects with straps and buckles, reptile and alligator trimmed.

Speaking of shoes—aren't the new browns lovely? Some chocolate brown kid ones worn by an Antioch woman had large bronze buckles. Such shoes certainly made the wearer feel proud and conscious—just a little bit—that other women were noticing her feet.

The dress which the woman wore with these shoes was certainly worth commenting upon. It was of brown and tan satin back crepe—the two colors arranged so that a horizontal stripe effect was gained for the blouse. The skirt, which was accordion pleated, was a beautiful creation of the brown and tan—patterned in a most unusual fashion.

BRISTOL GROUP PLANS PROGRESSIVE PARTY

The Bristol Epworth League was presented with a little Sunday evening at the Park Avenue M. E. church in Kenosha, for having the greatest number of attendants at the sub-district rally held there in the afternoon. The Bristol League is giving progressive party Friday night. Members will meet at the parsonage at 7:15 o'clock and progress to six homes at which games will be played and refreshments served. They will return to the parsonage for a final "windup."

Mr. and Mrs. Lee Minnis and daughter, Isabelle, and Mrs. Kerby, Waukegan, were visitors at the Sophy home Sunday afternoon.

Mr. and Mrs. Fulmer, Lake Villa, Mr. and Mrs. Herbert Pincombe, Salem, Edward Pincombe, Zion City, were guests of Mr. and Mrs. Jack Veasey Sunday.

Harvey Knapp is visiting his brother, Ernest, in Racine this week.

Frank Zuhlsdorf entertained Walter Kenyon, Chicago, last week.

The Bristol Equitable Fraternal Union met at the Gethen home Saturday evening for election of officers which resulted in a re-election of the following: president, Mrs. Maude Walker; vice-president, Earl Gillmore; adviser, Mrs. Lizzie Benedict; secretary-treasurer, Mrs. Nettie E. Gethen; warden, Mrs. Ellen Gillmore; inner guard, Lee Benedict; outer guard, J. A. Walker; and trustee, Edward E. Powell.

Mrs. Zelba Runge and Miss Carrie Murdoch gave a "500" party at the former's home Friday afternoon. The house decorations were in yellow and lavender. Those present were: Mr. Cora Rowbottom, Kenosha; Mrs. Jean Thorne, Mrs. Edith Jacobson, Mrs. Edna Patterson, Mrs. Madeline Jackson, Mrs. Pearl Stewart, Mrs. Nettie Brown, Mrs. Margaret Lotz, Mrs. Mary Butrick, Miss Emma Lewis, Mrs. Florence Bryant, Mrs. Bessie Gainer, Mrs. Myra Anderson, Mrs. Doris Whitteher, Mrs. Sadie Foulke, Miss Ruth Jones, Miss Edith Murdoch and Mrs. Margaret Maleski. Ladies first prize was won by Mrs. Margaret Maleski and consolation went to Mrs. Edith Jacobson. Supper was served.

Mrs. Evan Jones entertained the following children Saturday afternoon: Marjorie Murdoch, Carol Bryant, Alice Pohlman, Lucille Maske, Dorothy Spencer, Bronia, Etta, and Eunice Williams, Marjorie Silsdorf, Louise and Isabelle Boyington, Betty Gallart, Marlon Peterson, Doris Shumway, Mary Murdoch, Helen and Alice McVicar, Salem; and Olive and Sarah Jones. The occasion was Katherine Jones' birthday anniversary. A color scheme of pink and white was carried out.

Mr. and Mrs. James Sneesby, Gurnee, visited at the Mitchell home Sunday.

A surprise party was given for Alfred Silsdorf Friday evening. Those present were: Mr. and Mrs. Eugene Schend, Kenosha; the Gus Silsdorf family, Mr. and Mrs. Rhinard Gitzlaff, Woodworth; Mrs. Clara Jackson and family, Mr. and Mrs. Frank Krueger and the Reese family. Five Hundred was played. High score for women went to Miss Edna Gitzlaff, and for men to Arnold Gitzlaff. Consolations were won by Mrs. Clara Jackson and Clayton Silsdorf.

At The Library

It seems that the library, before long, will be located in different quarters. At least, such is the rumor about town. Nothing definite has been announced, however.

Zane Gray's books have proved so popular with the younger readers, that many of the volumes are worn out, according to the librarian, who adds, that copies of this author's books would be welcomed.

Although many of Mark Twain's works are on the shelves of Antioch's library, one of his best known books, Huckleberry Finn, is not in the collection. Never a week passes that some children do not call for Huckleberry Finn.

CASE IS DISMISSED

The case in which Jess Rowling, Antioch, had been charged in Waukegan with assault with a deadly weapon by Percy Dibble, was dismissed by Justice Harry Hoyt. Dibble claimed that Rowling fired a shot at him. Rowling denied the charge.

Did You Ever Try These Recipes? Do, Please.

Children often like to have a light lunch after school—just enough to satisfy and yet not ruin one's appetite for the evening meal.

Bread and milk is often wanted by the children, but try adding a few raisins or some finely chopped dates to the milk and bread!

Graham bread, toasted on one side and buttered, then spread with sliced bananas is also delicious and nourishing with a glass of milk.

Coconut mixed with a little milk and some powdered sugar, then spread between graham crackers is better than any cake—for a change.

Bed Time Tales

ALL ABOUT WHAT THE
LITTLE CHILDREN ARE
DOING IN ANIMAL WORLD

BY V. LUDEL BODEN

(Well, boys and girls, have you sent to the story writer the name of the animals which you want to have told about in the story? If you haven't, you had better do it right away. This time the story is about the Frog people who live in Channel Lake and is told for Bobby M. The story writer hopes that Bobby will like the story and that every other boy and girl will like it, too.)

Do you boys and girls know Mr. and Mrs. Grand Frog? And do you know all of the Frog children? If you don't you certainly must have your mothers and fathers take you out to Channel Lake and look around and get acquainted with the Frog family. Really, truly, there isn't a more interesting family any place.

Now remember, children, that nothing has been said about the Frogs being industrious—especially old Grandpa Sleepy Frog. Why, he just sits in the sun on a lily-pod all day long and sleeps. Isn't that a silly thing to do? Imagine just wanting to sleep and not even having a desire to play! Whenever a fly comes by old Grandpa Frog will snap at it, but he seldom exerts enough energy to catch the fly.

Now old Grandpa Frog is as peculiar as can be and all of the little naughty Froggie children like to tease him. When he is asleep Notall Frog, Greeny-back Frog, and many of the other Frog boys will tickle Grandpa's nose with a straw and shake the lily-pod until Grandpa falls into the water. Of course, most frogs wouldn't mind being in the water because they like to swim but with Grandpa it is different. He does hate to climb all the way back to the top of the lily-pod!

But do you want to hear what happened to all of the naughty boys who did the teasing yesterday? Well, listen carefully and you shall hear. Old Grandpa was dozing away, sometimes snoring, when five little Frog boys, including Notall and Greeny-back, went by.

"Old Grandpa's so lazy he wouldn't even go out of the rain," Splotchy Frog said. This wasn't the nicest thing to say, of course, for children should never, never talk about older persons and make fun of them.

"Let's see if he would go out of the rain," answered Greeny-back.

"How?" chorused every one of the Froggies.

"Get your squirt guns and we'll see," replied the one who had made the suggestion.

So the Frog boys all swam to their homes and came back with squirt guns, and they began squirting water all over old Grandpa Frog until Grandpa thought it was raining.

"Ho! hum!" he cried as he stretched and yawned, and thinking it was raining he rolled off the lily-pod to

seek shelter below the large leaf. As soon as he was down there he looked up and said:

"Don't my kicking legs, the sun is shining again!" And he crawled back to the top of the leaf. He no sooner had gotten to sleep when the water from the squirt guns began to pour on him, so down below the lily-pod went old Grandpa Frog.

When he saw the sun again he mumbled something about "this being the most peculiar day he'd seen in a long time." The Frog boys played their trick several times, and old Grandpa became wise.

"I know what it is all about now," he exclaimed. "Those naughty Frog boys are trying to tease me." He only said "TRYING to tease" for of course, he wouldn't admit that he had been a victim of the pranks.

So Grandpa didn't go to sleep—he only pretended he did and when the shower of water started, he acted as though it didn't bother him at all. The Frog boys came nearer and nearer and when they were very, very close to him, Grandpa Frog said: in a very, very loud voice:

"Boys!"

Oh, those boys were so frightened they didn't know what to do. Now Grandpa Frog is a nice old Frog and he didn't want to harm or frighten the boys—just teach them a lesson. He reached in his pocket and pulled out several pennies, which he threw to the boys.

"What are these?" gasped the boys.

"I'd have to pay more than that for a good show," Grandpa said, "and I have had so much fun having you boys entertain me that I think I should pay something."

Those Frog boys just looked at one another and then looked again. They could scarcely believe what they were hearing.

Greeny-back was the oldest so he said:

"Mr. Frog, we're sorry we tried to tease you. You have taught us a lesson. We are going to take the money and go buy some cakes and ice cream, and we'll come back to your lily-pod and have a party with you as the honored guest."

And Grandpa chuckled happily to himself as he dozed away and said:

"Boys will be boys, and those naughty boys are good boys if one knows how to treat them."

And after the boys had started back with the ice cream Splotchy remarked:

"Heck, wasn't any fun making Grandpa climb off and on the pad, was it? He's a dandy man and we'll have lots of fun talking to him after this."

And the Frog boys all agreed as they swam to get the ice cream to the pad before it (meaning the ice cream and not the pad) had melted.

WILMOT HIGH SCHOOL STUDENTS THIS WEEK START SAVING MONEY

School savings were begun at the Union Free High school Tuesday and indications are that the system will be successful. Eighty percent of the entire student body opened savings accounts with the bank conducted in the commercial room. Deposits ranged from five cents to two dollars. The project is in charge of Miss Hansen, the commercial teacher. The student officers in charge of the first deposits were Hazel Scholts and Claudia Vincent. Each Tuesday will be set aside as a savings day and through the project the students will receive much practice in thrift and commercial work.

A meeting of the officers of the local P. T. A. was held Thursday at the school house. Mr. Schnurr, president, was in charge. The other officers who attended were Mrs. Elfers, Mrs. Burroughs, and Mr. Weigel. A tentative program for the year was drawn up and a program for the first meeting was made. A part of the program which should be of great interest is a talk by the county nurse, who will discuss health problems in the county or some of her experiences in health work, especially in the recent Mississippi flood.

An interesting and entertaining program has been planned and the officers are making arrangements for an exceptionally large attendance. The refreshments will be in charge of the officers of the association and the teachers of the school.

The students of the Wilmot High school department of vocational agriculture voted unanimously to establish a local chapter of the state-wide organization known as the "Future Farmers of Wisconsin." The state organization has headquarters in Madison. Local chapters may be started in high schools offering Smith-Hughes agriculture courses. The first meeting was held September 24, for the adoption of the constitution and election of officers. The following were elected: president, Melvin Dalton; vice-president, Gordon Dix; secretary, Winsor Madden; treasurer, George Hockney; adviser, M. M. Schnurr; reporter, Fredrick Gilmore; additional members of the executive committee are Richard DeBell, Adolph Fliegel, and Clinton Voss. The purposes of the organization are to promote the study of vocational agriculture in high schools, to promote thrift, provide recreational and educational entertainment, to promote scholarship, leadership and develop a pride for the agricultural industry.

William Boyd in "The Dress Parade" will be on the screen at the Wilmot gymnasium Friday night at 8:15 o'clock. The movie is being sponsored by the Future Farmers' chapter of Wilmot. The purpose is to raise funds to pay expenses of the high school judging team to the state judging contest in Madison November 2 and 3.

BASEBALL NEWS

After defeating Johnsburg in two previous games, Wilmot lost the last game of the season to that club in a spectacular 10 inning contest Sunday in Johnsburg.

There were two men out in the tenth inning when Johnsburg scored the winning run. Neither side scored until the eighth inning. In this inning each team scored two runs and the count remained knotted until the winning run was scored in the tenth.

Getka pitched his usual effective game and was backed by brilliant support from the outfielders, Elbert, McDougall, and Britz. Johnsburg's inner defense sparked at all times. Klaus was the hitting star for Wilmot with three hits in four times up.

Wilmot was represented with one of the best baseball teams they have had in several seasons, and has a remarkable record of 21 victories and six defeats. Of the six games lost, only one was lost by a margin of over one run. This was a 3 to 1 defeat by Union Grove. The team showed hitting strength in every game throughout the season, and was out-hit by only one team during the entire season's play.

Shubert Frank and Elmer Getka were undoubtedly the two best pitchers to be found on one club in the surrounding locality, and their curves were faultlessly handled by Vincent Pettis and Martin Schnurr. Other players on the team included Art Gegan, Donald Herrick, George Richter, Herman Frank, Herman Ehler, Lyle McDougall, Frank Ehler, Joe Klaus, and Joe Britz. Another strong line-up is planned for next season. The athletes will soon begin practice for the basketball season.

BENSINGER-KIDDLE

On Saturday afternoon at 4 o'clock at the Episcopal church in Highland Park occurred the marriage of Miss Carolyn Isabelle Bensinger, daughter of Mr. and Mrs. James Bensinger of Grand Avenue, Waukegan, and William John Kiddle, son of Mr. and Mrs. Charles Kiddle of Lake Forest.

The attendants were: Stanley Kiddle, brother of the groom, and Miss Margaret Burridge. After the ceremony performed by Rev. John Edwards, the bridal party motored to the Karcher hotel where a reception was held in the banquet room.

After the dinner the newlyweds departed for a wedding trip to the east, which will include Buffalo, Albany, New York and Philadelphia. On their return they will reside in Highland Park where the groom holds a responsible position with the Illinois Telephone company.

What Is Doing AT THE Antioch Schools

Members of the Antioch High School Agriculture club are presenting "Warning Up", starring Richard Dix at the Antioch theatre Thursday and Friday of next week, October 11 and 12. This is a baseball picture. A matinee for school children is to be given at 3:30 o'clock. The other shows will begin at the regular theatre hours.

Children of the grade school will not be given physical examinations until the new building is occupied. Miss Waterman, county tuberculosis nurse, was in Antioch yesterday to help start a health crusade in the fifth and sixth grades. The program will continue for 12 weeks.

Yesterday marked the close of a magazine subscription campaign which was staged by the pupils of the eighth grade. The students had been selling the Saturday Evening Post, the Ladies' Home Journal and the Country Gentleman during the last week.

The campaign was in the form of a contest, Hazel Hawkins leading the red team and Homer Fawcett the green team. Lillian Vykuta acted as general secretary. Much interest was aroused in the contest, chart green and red lions, and lands of the same color were arranged like mercury to a thermometer. The winning team each day boasted a lion on the chart, while the losers had only a lamb. For the entire contest the green team won, having 10 subscriptions more than the red side. According to Secretary Lillian Vykuta about \$10 was cleared in the contest. The money will be used for a memorial when the students graduate.

If Johnny used to have a pain in his head when it was about time for the school bell, or if Willie wasn't always anxious to go—but if Johnny and Willie now are more than eager to get to school, there is no need for mothers to be alarmed. The change is simply because the grade school pupils are having an afternoon contest for perfect attendance. It is really surprising to see how many rooms have perfect attendance cards hanging outside the door each day.

Plans for the year were discussed at the meeting of the Parent-Teacher association held Monday night. Many interesting programs are being arranged, it is announced.

Mrs. Ruby Richey, head of the home economics department of Antioch High school, left last night for Western Illinois State Teachers' college, Macomb, to attend the seventh all-state conference which opened this morning and will continue through Friday. Mrs. Richey was accompanied by Miss Clara Christensen, a student, who was elected to represent the home economics club at the student sessions.

Mrs. Richey is on the conference program for this afternoon when she will discuss the hot lunch and cafeteria problems.

Workmen are rushing to complete the new grade school building. By the way, one of the most attractive kindergarten or first grade rooms one can imagine is almost ready for occupancy. Three large doors open on a concrete terrace of plaza effect. The room is unusually well lighted and is about as ideal in many respects.

ANTIOCH PLAYS REAL FOOTBALL DEFEATING BARRINGTON 39 TO 0

Surprising their opponents and the enthusiastic fans who witnessed the game, Antioch Township High school defeated Barrington on the local field Saturday afternoon by a score of 39 to 0.

Coach G. G. Reed's Antioch boys were much lighter than the boys of the Barrington aggregation, but clever football made the game so one-sided that the game ceased to be interesting. Second and third string men were put into play by Mr. Reed. Antioch's eleven is composed of less than one-third veterans, but one would never guess this was true after seeing Saturday's performance. For several years Antioch has had winning teams, and prospects are brightening now for this fall than at the beginning of the season.

Beautiful pass work featured Antioch's playing in the first quarter and resulted in a pretty touchdown by Mastne.

Steininger, Stameitz, Mastne and Wertz were really stars of the game when one considers plays which directly netted scores, but Sheehan, Beaman, Moulter were also outstanding. The line gave unusually fine support to the backfield.

For Barrington the star was Wichman, but the team did not pull together. Apparently good material seemed at sea.

The line-up follows:

Antioch	Barrington

GLIMPSES OF KENTUCKY WILL BE REVEALED BY ANTIOCH SPEAKER

The story of a hidden nation, who live in the heart of America will be told Sunday morning in the Methodist church by R. C. Cooley, Antioch resident.

For some time Mr. Cooley was a missionary among the Kentucky mountain people and has had some unusual experiences. Until the World War, when Kentucky mountaineers came pouring out of the mountains, many had never seen a railroad train, nor used a telephone, or pressed an electric switch. The educational progress of which America is justly proud has not as yet reached these people, according to Mr. Cooley, and they continue to live even as did their ancestors, who date back to the earliest settlers in America. Each family is law unto itself, friends are still fought, and Mr. Cooley witnessed and experienced many shooting affairs.

Don't forget to see "Cheer Up", the Woman's club play at the high school, October 25 and 26.

Corn Brings More Money "on the Hoof"

THE best authorities agree that "hogging down" corn is a profitable practice. Run out temporary fences through your corn and turn in your hogs. They are the best of harvesters—never miss an ear. You save the cost of husking, hauling, cribbing and feeding and get your hogs to market quicker and in better condition.

And for these temporary fences, as well as for permanent fences, use RED TOP steel posts. These can be driven at the rate of 200 to 300 a day, through the hardest soil, by one man using the One Man Driver. Are easily withdrawn and re-driven in a new location.

Red Top Steel Fence Posts

You will save a lot of fence making and repairing time every year if you repair old fences and make new ones with RED TOP Steel Posts. Any fence erected on RED TOPS is there sound and secure for many years of service and enables you to practice the modern program of crop diversification and clear more money from your farm.

Stop in and handle a RED TOP post. Let us show you why it is a better steel post.

HIGHWAY PATROL GET GANGSTER; TWO YEAR HUNT

(Continued from first page)
was given only the nominal hearing required in New York state.

Story of the Double Murder

Partly through a confession made to Chief John Stack of the Illinois State Highway Patrol, and partly through clues gathered a little at a time here and there by the chief, indictments were returned against Charles Birger, Connie Ritter, Ernest Rine, Riley Simmons and Leslie Simpson, gangsters, whose names mean much in the annals of crime in southern Illinois.

According to the confession of Newman, Birger blamed Lory Price, state highway patrol officer, of knowing too much concerning the operation of gangsters in southern Illinois under the direction of Birger. On the night of January 18, 1927, he alleges, Birger, with two automobile loads of gangsters, called at the home of Price in Marion. They persuaded the officer to enter Birger's car, in which was Birger, Fred Wooten and Art Newman.

The party drove to a barbecue stand near the charred ruins of Shady Rest, a roadside owned by Birger in Williamson county, which had been destroyed by fire a few days previously. Here the patrolman was shot three times by Birger. He was then loaded into an automobile and carried about 60 miles north of the roadside where he was thrown into a field near Dubois, just across the line into Washington county.

During the trip Birger, menacing the patrolman with a machine gun, and after he was carried to the field, Birger fired a number of bullets from a machine gun into his body.

Wife Taken in Second Car

Mrs. Price was taken in a second automobile, in which were Ritter, Rine, Simpson and Simmons. She was carried to a point about four miles north of Marion, compelled to leave the automobile and march to an abandoned coal mine shaft, where she was shot four times in the back and her body thrown down the shaft. Pieces of corrugated iron and other debris were thrown down the shaft, which was about 75 feet deep, and at the bottom of which there was water.

Disappearance of Price and his wife resulted in a widespread search. The body of Price was discovered on February 5, 1927, more than two weeks after the double murder, but it was not until nearly five months later that the wife was located following the confession.

Newman fled to California, where under an assumed name, he found employment as a detective. Here he was located by Chief John Stack of the Illinois State Highway Patrol and returned to Illinois. Enroute home he broke under questioning regarding the Price murder and amplified the information already in the hands of Chief Stack. Later Newman made a complete confession which resulted in the opening of the abandoned coal mine shaft and the recovery of the body of Mrs. Price.

Birger, head of the gangsters, was hanged about six months ago for another murder. Of the alleged accomplices in the Price murders Simpson is serving a sentence in the federal prison at Leavenworth, Kan., on a counterfeiting charge. Wooten is an inmate at Atlanta, Georgia.

Prosecution of Simpson will be in the hands of State's Attorney Otto Roswell, a war buddy of Price. The state will ask the death penalty.

REQUISITION HONORED

Springfield, October 4 — Governor Small has honored a requisition of the governor of Ohio for the return of Helen Wilson to Cincinnati, Ohio, for trial on a kidnapping charge. The woman is accused of taking Anton J. Kilmarowaky, 6 years old, from his home in that city to Chicago, where she was arrested.

NOW COMES THIS!

It is no longer news to say that the Lake county grand jury convened Monday for the October term, but it is interesting to note that the results of a vote taken during a lull period were: Hoover, 30 and Smith, 10. The question now is: Will Lake county be the banner Republican district it was supposed to be unless some improvements are forthcoming?

State To Give Added Marketing Service For Illinois Apples

Springfield, October 4 — Encouraged by the benefits which accrued to the peach raisers of Illinois during the present season, the Division of Standardization and Markets, of the Department of Agriculture, is prepared to give added service in the marketing of the apple crop of the state. Approximately one-fourth of the peach crop of the state was moved in car lots and was subject to state inspection and was provided with certificates of grade.

During the apple marketing season field headquarters of the Division of Standardization and Markets will be maintained at Hardin, Calhoun county, from which section one-third of the apple crop of the state is marketed.

The Illinois apple crop is expected to set a new record both in volume and grade.

SIGHING AND JOKING FOUND AT PALACE

(Continued from first page)

About midnight Mrs. John Nixon several times has taken fruits, candies, and sandwiches to the crowd just for the fun of it. Dozens of other Antioch and Lake Villa persons have sent food. Many of the dancers have received boxes from friends in other cities.

Earlier in the week several were not feeling as well as they now are. Bob Reynolds had a touch of the grippe. Lois Bradwell was suffering with a wisdom tooth which was trying to "come through." Larry Mazek had the toothache, too. Last Saturday night Miss Bradwell fainted—fortunately just at the beginning of an intermission. Two girls, Miss Kate Dunham and Miss Alice Haer, dropped out of the race because their ankles were swelling and their arches were broken. Their partners, Bill Niles and Floyd Klaus danced alone for 10 hours, hoping that someone would drop out and leave them partners. No luck, though.

Interest is running high in the marathon, especially since Miss Junilia Nickerson, Lake Villa, is still in the contest. Miss Nickerson is full of pep all day long, according to the attendants, and after one sees her exhibition dances it is not difficult to believe that she has some stored up energy somewhere.

Are "Specialists"

Miss Bradwell and Mr. Reynolds, Couple 7, danced 435 hours together in Mendota. Tonight at 10 o'clock the 288 hour mark will have been reached here. Arlie Wilson, of Couple 8, placed fourth in the marathon in LaCrosse; Chuck Roberts of Couple 2, third, and Cecil Rardin, of Couple 6, fifth.

The smallest girl on the floor, Miss Gertrude Klaus of Couple 2, and her partner have the Black Bottom and other dances of the same kind, down to perfection. Miss Bradwell likes to sing and entertains the crowd with popular songs. She enjoys singing best of all a ditty which all of the contestants like, entitled: "I Found A Peanut In My Darling."

Grace Nelson and Cecil Rardin, Couple 6, are deeply in love. In fact, they are so much in love that they want the world to know it. Even after being together for these 288 hours, they are more in love than ever before. They like to be by themselves—and stay that way most of the time. A spectator commenting on this was informed, however, that Couple 2, runs a close second. Miss Berle Erlich and Arlie Wilson, Couple 8, are unusually quiet, but they seem to be having a great time. Larry Mazek, Miss Nickerson's partner, has been dubbed chief clown of the outfit.

Ever heard of persons who don't like to dance with anyone who talks? Well—maybe they'd better try to get one of the contestants for a partner. The two who form Couple 7 haven't spoken for five days. How'd you like their bananas?

All of the dancers are gaining weight. It is no wonder, though, for they eat about 21 hours of the day.

Talks In Sleep

Each morning after the rest hours the contestants are becoming more and more difficult to awaken. Smelling salts, ammonia, and ice packs have been found necessary. Those in charge start to awaken those in DEEP slumber at least one-half hour before it is necessary that they be on the floor. One of the men talks in his sleep every night about street cars and monkeys!

Miss Geraldine Stellick, the nurse, sleeps whenever she gets an opportunity. It is generally agreed, however, that she is young and attractive and would much rather dance than sleep. Especially if—but further information is to be released next week. The time-keepers, Ray Olson and George Fowler, observe everything and are enjoying life at the Palace. They are both regular information bureaus for the public and for the press. Carl Hoffman, trainer, spends all spare hours at the slot machines. Dick Mazek, manager of the Palace is as tired as any of the dancers. He seldom sleeps since he has such a large family to look after. Walter Elbert, LaCrosse, came to Antioch to dance but since he didn't

PROFESSIONAL BOUTS ARE TO BE OFFERED IN TWIN LAKES RING

Fights Are To Be Staged
Twice A Month, Says
Rademacher.

Sport fans who love professional boxing will be given an opportunity to see some of the best fighters of this part of the country in action at the Twin Lakes ball room this winter, according to an announcement made this morning by Carl E. Rademacher, owner and manager of the pavilion.

The first fights will be staged October 18, and will be held every two weeks on Thursday nights under the supervision of the Wisconsin State Athletic association. Mr. Rademacher has had chairs arranged so that more than 2,000 persons can be seated. A new heating and ventilating system has been installed.

The fights for October 18, which will start at 8:30 o'clock will be featured by the whizkid bout in which Mike Cincicola, contender for the Junior lightweight championship, will meet George Mayls, Chicago. Cincicola is from the Richey Mitchell stables in Milwaukee and Richey Mitchell will be at the Twin Lakes pavilion in person in Cincicola's corner the opening night.

In the semi-weighin Nick Taft, Chicago, will have for his opponent, Jack Heilmann, Milwaukee's best middleweight. The full card of seven or eight fights is to be announced later.

The Orchard Watchman

Tammany Hall has been the watchman of that orchard, the city treasury, more often than any other organization and greedily as well as immature men have usually been assigned to its outposts.

Big John Kennedy told his protegee: "A man who can take care of himself with his hands, and who never lets whiskey fool him or steal his head can go far in this game of politics. An' it's a pretty good game at that, is politics, and can be brought to pay like a bank."—J. R. Weaver in Tammany Hall.

Hitchcock Lauds Hoover

Senator Hitchcock (Dem.) of Nebraska, Administration leader in the Senate, quoted in Herbert Hoover's behalf in the Senate January 23, 1919, said then:

"I know something of the struggle Mr. Hoover has had with the packing combines in the United States, and I want to say that if there had not been a Hoover and a Food Administration, the packers would have made a great deal more than they did make. Mr. Hoover has been vindicated. He came out of the war, I believe, with a better reputation than any other public official."

have a partner, he is staying and helping look after things.

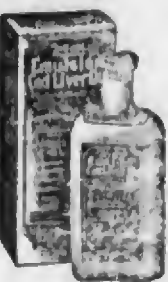

It's just a big party at the Palace all day and all night.

"Tired of marathons?" the dancers were asked.

"Not much!" they all chorused. And as proof, most of them have announced their intentions of going to Fargo, North Dakota, later in the month to enter a contest similar to the one staged here.

Labor Improves Conditions

Labor in its collective efforts has contributed greatly to the maintenance of proper wages and to improved conditions of labor. But collective bargaining alone cannot overcome the forces that make for unemployment. The problem of insuring full work all the time is a problem of national concern. Our workers as citizens, at the ballot box have a large part in determining our economic policies.—HERBERT HOOVER in his Newark speech.

BABY IS BURIED

Funeral services were held this afternoon for Sylvia Lucy Rosshach, 16-day-old daughter of Mr. and Mrs. William J. Rosshach, Lake Marie. The Rev. H. Campbell Dixon of St. Ignace' Episcopal church at Antioch, had charge of the services. The baby died in Victory Memorial hospital. Mr. Rosshach was formerly a baker in this village.

HATS OFF! IT'S THE TEAM!

Adults gets most of the attention in virtually all communities, and Antioch is no exception. Members of the Business club, members of the Woman's club, and members of various fraternal organizations are the ones who sponsor programs and activities of different kinds, and are the ones who are given the credit. This is as it should be.

All eyes turn these autumn days, however, to the boys who play on the Antioch Township High school football team. Those boys, most of them new at the game, have learned this early in the season the need of co-operation. Team work won the contest of last Saturday for the boys.

A youth who plays real football cannot be a loafer or what is generally called a "tough." His habits must be regular. Morally he must be above the average. He must be physically fit. The "candy-ankle" life is not followed by a high school athlete. Hours are spent in practices.

When the crowds see the games and cheer the boys, they are giving those players no more credit than is due. The high school and the team need the support of every person in the township. They work for us. What can we do for them?

THE PROPHETS CONFUTED

Those of us who remember the gaudy days "before the war" also remember that by 1912 the high cost of living had achieved a greater vogue in popular conversation than even the weather. It was, in fact, The Burning Issue. In the Democratic Platform of the year, it mentioned with a great roll of rhetoric.

And so the Democrats due to a division in Republican ranks were put into office. In 1913 they enacted the Underwood Tariff—a low tariff—and sat back leisurely to await the great surge of popular prosperity and the reduction in living costs. But it didn't materialize. On the contrary, the cost of living increased steadily and inexorably and it was at its peak eight years later when the Democratic party was turned out of power. If 1919 be used to represent the cost of living in 1913 here briefly, is what has happened in the intervening years:

Average	1913	100
December	1914	103
December	1915	105.1
December	1916	118.3
December	1917	142.4
December	1918	174.4
December	1919	199.3
December	1920	200.0
December	1921	174.3
December	1922	166.3
December	1923	175.2
December	1924	172.5
December	1925	177.9
December	1926	175.6
December	1927	172.0

It is apparent that since the enactment of the Republican tariff in 1921, the cost of living has been decreasing steadily. Nor has the reduction ceased, for the Bulletin of the Department of Labor for August of this year states: "The cost of living in the United States in June, 1928, was 1.2 per cent lower than in the December preceding and 2.0 per cent less than in June 1927."

In this year's platform of the Democratic Party there is no mention of the cost of living, there is no insistence

on the virtues of the low tariff, but there is talk of a competitive tariff and that is even more transparent because it means a tariff that will require the American farmer and workers to compete with low wage countries abroad.

FARMERS AND THEIR LEADERS

The Democratic Woods at this period of the campaign are filled with strange figures and strange noises. The leaders of the party make daily discoveries of new bogeymen to scare their Republican opponents. They broadcast news of revolts and counter revolts. They set up straw targets and knock them down again with fiery zeal. All this tumult and confusion, they declare, especially in the farming Midwest.

In view of the alarms which have been sounded, it is mildly entertaining to examine the attitudes of the farm leaders of the states concerned. In North Dakota, South Dakota, Minnesota and Iowa the responsible spokesmen of the farmers have given their support to the Republican nominee. In an address made at Crow Point, Indiana, Senator Brookhart always something of an insurgent, gave his full approval to the candidacy of Mr. Hoover.

"Herbert Hoover has handled \$2,000,000,000 worth of crop surpluses," he said. "He did it successfully and to the prosperity of the farmers all during the war and for a year and a half after the war was over."

If Mr. Hoover has that record of accomplishment behind him, Senator Brookhart reasons, there is every reason to believe that, as President, Mr. Hoover will have a sound basis in experience for a just and fair treatment of the farm problem. Moreover, he believes that the platform of the Republican Party and the speech of acceptance by its Presidential candidate are pledges of constructive and sane adjustment of a situation which is vital to a continuance of American prosperity.

Senator Brookhart comes from Iowa. He knows the farmers, he knows the temper of their thoughts, and he has represented them in a distinguished career. What Mr. Brookhart says of the attitude of the farmer, it may be assumed, is a fair index of the situation as it actually exists.

In any case it may be regarded as a more accurate statement of fact than that of the chairman of the Democratic National Committee, who in one short week in the large cities of the Mid-West, discovered a "farmer revolt."

Under the Republican rule and Republican tariff protection the dairy business in the United States has grown to a \$3,000,000,000 industry.

The Republican administration has reduced taxes from \$45.25 per capita in 1921 to less than \$27 per capita in 1927.

During the Republican administration of the last eight years, the Republican Party has effected tax reductions which save an aggregate of \$1,800,000,000 every year to the American taxpayer.

Common sense suggests that Herbert Hoover would be the best kind of President for the season that he has the common touch, and the common people comprise nine-tenths of the population of this country.

"H" stands for Hoover, and Hoover stands for the home and human happiness.

If ever a man had a proper conception of a home and what it means to the American people that man is Herbert Hoover.

It will be easier to keep the home fires burning by making Hoover President than in any other way we know at this moment.

Herbert Hoover's favorite police dog "Tut" will accompany him to the White House in the event of his election to the Presidency.

5000 People Whose Sole Job is Bettering Your Service

The very nature of the telephone business necessitates a single inter-connected system. The Bell System accepts its responsibility for a nation-wide telephone service as a public trust.

It is the policy of the System to use all income, beyond that necessary to pay regular dividends and maintain a surplus for financial stability, to improve and extend the service. Because of the nature of the business, speculative profits have no place in it.

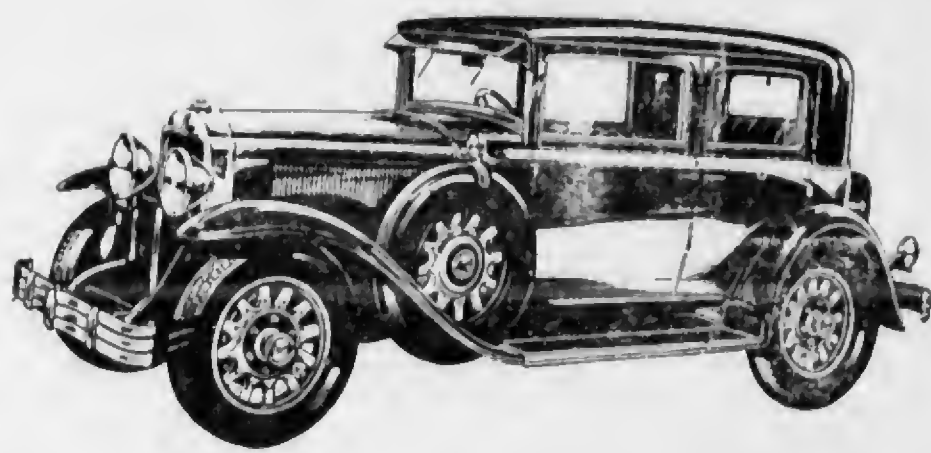

The Bell System maintains in its research, engineering and business staffs and in the Bell Laboratories 5000 workers—in a total of 350,000 employees—whose sole occupation is to improve the telephone art and to make these improvements instantly available throughout the nation. These workers are a guaranty of continued progress in furnishing the public a constantly improving telephone service at the lowest possible cost.

REAL LUXURY FOR THE BRITISH TAR

New Battleship Nelson Has Even a Soda Fountain.

London.—H. M. S. Nelson, the newest addition to the British navy, is equipped with a soda fountain. Aside from the armament, she has many other points of interest which would surprise the tars who sailed the seven seas 100 years ago.

In her domestic arrangements the Nelson sets a new standard. When going to sea she takes along 1,000 gallons of rum, 150,000 pounds of flour, 42,000 pounds of sugar, 7,000 pounds of tea, 43,000 (tins of condensed milk, 20,000 pounds of frozen meat, 40,000 pounds of vegetables, 5,000 pounds of tobacco and 10,000 pounds of soap. In addition she carries large quantities of fresh meat and other consumable stores.

The catering department of the Nelson is equal in its equipment and organization to that of a first-class hotel. The mess menus are prepared by a staff of expert cooks in kitchens that have all sorts of modern electrical appliances. In the bakery all the work is done by machinery and the food is not handled.

The mess decks where the crew live are lighted by sunlight instead of artificial light, which is used in most warships. Every section of the crew has its own bathroom.

There are comfortable recreation rooms supplied with papers and magazines for the use of the men who are off duty and there is a well-stocked general shop at which the men buy whatever they need. Moving picture entertainments are provided for them and there is a fairly large chapel.

DOPE BUCKET UPSET AT PALACE WHEN CHASE AND HULL ARE BEATEN

ANTIOCH FIGHT RESULTS

Twin Windup

Ted Smith, Gary, Indiana, shaded Jimmy Chase, Chicago Tribune Golden Gloves champion in four rounds.

Ray Trumble, Pioneer A. C. Rockford, beat Eddie Burke, A. A. U. Champ, in four rounds.

Double Semi-Windup

Ernie Wilson, Kenosha, knocked out Grover Cleveland Alexander (colored), of North Chicago, in the second round.

Harry Leggett, Chicago, outpointed Jimmy Hull, Lake Villa, in four rounds.

Preliminaries

Lon Stanley, Waukegan, beat Hob Worthington, U. S. Army, in three rounds.

Jimmy Murphy, Belle Plaine A. C., Chicago, knocked out Joe Stowe, Kenosha, in the third round.

Bob Stone, Chicago, knocked out Pete Simmons, Kenosha, in the second round.

Three knockouts and three four round bouts featured the boxing card at the Antioch Palace Friday night.

Real surprises were the defeats suffered by Jimmy Hull, Lake Villa, and Jimmy Chase, Chicago, at the hands of Harry Leggett, Chicago, and Ted Smith, Gary, Indiana, respectively.

Hull started out in grand style and at the end of the first round everyone thought that he was the likely winner. At the end of the three rounds, however, the two had fought so evenly that the judges declared a draw, and in the extra session Hull was the loser.

Chase Gets in Trouble

Jimmy Chase had a tough fight and was forced to give his best from the start. Smith, who is the amateur bantamweight champion at Gary, was slow to get started but rallied strong enough to earn a three round draw.

Chase started out fast in the fourth session but Smith kept right at him and earned the honors by jabbing and crossing. The Hoosier was especially clever on the ropes and had Jimmy almost bewildered at times.

It took Ray Trumble, of Samany Mandell's Pioneer A. C. Rockford, four rounds to convince the judges and the referee that he should get the decision over Eddie Burke, the A. A. U. champion, at 145 pounds.

Near the close of the third round Burke sent his opponent against the ropes with a timely right handed barrage and although they did not put him in bad way, each one landed hard enough to shake him up somewhat.

Wilson Beats Alexander
The other half of the semi-windup was won by Ernie Wilson, a 165 pound mitt swinger from Kenosha, over Grover Cleveland Alexander, a colored boy from North Chicago.

Alexander gave a good account of himself by winning the first round before he got in front of a right to the heart and a left to the jaw while in close which caused him to take the count after one minute and thirty-five seconds of battling in the second rounds.

Alexander, whose first fight was at the National Park in North Chicago a couple of weeks ago, carried the fight to Wilson during the first round and in the slugging was constantly beating him to the punch. On at least three occasions he sent Wilson tottering back against the ropes from rights and lefts which landed anywhere from the waistline up.

Stanley Trounces Worthington
Using his left hand like an old-timer at the game and occasionally shooting his right across as a reminder that there was a fight going on, Lon Stanley, Waukegan, lightweight, disposed of Hob Worthington, U. S. Army, in three rounds. It was the first bout on the card.

Joe Lunello, Belle Plaine, A. C., Chicago, proved to the Lake county boxing fans that he was the boxing master as far as Howard Kraft, Grayslake, was concerned when he pounded out a decisive victory over him in the second bout. It was one of the best fights of the evening and although outpunched in every round of the fight, Kraft was still in there and fighting at the final bell.

Murphy Kayos Stowe

Joe Stowe, of Kenosha, who recently issued a challenge to Jimmy Murphy, of Chicago, was knocked out by him when they met Friday night, the end coming after one minute and nine seconds of milling in the third round. It was a left and right to the jaw that told the story after Stowe had gotten to his feet from the mat where he had just taken a count of nine.

Loses First Fight

Every fighter, big or little, must have a first time and it was just that for Pete Simmons, 135 pounder from Kenosha. Hob Stone, Chicago boxer, manly knocked him out after one minute and sixteen seconds of boxing in the second round. Simmons won the first round by a shade and "was good until" that right hand of Stone's came in contact with his jaw. It was Simmons' first appearance within the squared circle.

During the intermission and before the fight, the fans were entertained by the marathon dance contest which

MORE THAN ONE MOTHER CAN SAY, "A HOME IN TIME SAVED MINE."

A home means everything to children.

Built in the right neighborhood, it affords them the right sort of associates.

It provides room for them to play, work and sleep.

It gives them a chance to develop mentally and physically in congenial surroundings.

It furnishes them with happy memories of "home" as long as they live.

Let us explain how easy it is to own your own home.
